Gamechanger Challenge: Call for Youth Particiption

We want YOU!

Students with a passion for water – we want you! The UN2023 Gamechanger challenge is all about the connection between youth and water. We want your out-of-the-box idea, inventions, and innovations. Apply as a team with fellow students, develop and professionalize your idea and broadcast it to the world.

Join!

https://www.un2023gamechangerchallenge.com/challenge/

Our mission is an active ongoing Gamechanger Challenge until 2030 and beyond.

A Challenge that creates sustainable partnerships between youth-organizations for water, food, and energy with their local networks to work on our common commitments to achieve the climate goals. Let's bring local issues to a global stage to create local solutions!
